Matters arising from the minutes

- 3.1. Cllr Lucas advised that the complaint received from a Parishioner dated 6th January had been simultaneously sent to NFDC monitoring officer, who considered the complaint and rejected it on all counts. The monitoring officer's response to the council raises serious and confidential issues which will be discussed by the Council in a closed meeting (full notice of this meeting will be given in the usual way but the meeting will be closed to the public).
- 3.2. Clerk confirmed that the bus shelter is on the HPC asset register. Cllr Mangan confirmed that Mark Nobes had successfully fitted the new noticeboard in the bus shelter, with fixings costing approx. £10. Once this was fully operational, the old ones could be removed from the private property wall. Clerk to liaise with Hale & Woodgreen Horticultural Society, who may own one of the existing boards. Cllr Lucas asked Cllr Mangan to pass on the thanks of HPC to Mark Nobes. It was proposed by Cllr Gemmell and seconded by Cllr Lucas and therefore **RESOLVED** to refund Mark Nobes for material bought, subject to provision of an appropriate receipt. All agreed.
- 3.3. Clerk confirmed that rights of way priority cutting list had been submitted. The tree fallen across the footpath behind Sorrell was to be separately reported, Cllrs believed that it may actually have fallen from land belonging to Mr Anthony Passmore. Clerk to follow up.
- 3.4. Clerk confirmed no response had been received from NFDC re request for planning guidance on 'granny annexes'. Clerk to chase.
4. **Members of the public are invited to address the council on agenda matters and to raise any matters not otherwise on the agenda.**

Cllr Lucas proposed that Items 5 (Tree Applications) and 6 (Tree wardens report) be considered together. All agreed

5. To consider the following tree works applications

Case Ref: CONS/19/0059
Proposed Works: Fell 4 x Leylandii Cypress trees (retrospective application)
Site Address: Spring Cottage, Queen Street, Hale, Fordingbridge, SP6 2RD

Case Ref: CONS/19/0005
Proposed Works: Fell 1 x Oak tree, 1 x Ash Tree
Site Address: Hale Village Hall, Hatchet Green, Hale, Fordingbridge, SP6 2NE

- 5.1. Tree Warden reported that he had inspected both sites. It was extremely disappointing that the first application was retrospective. In respect of the Village Hall application the Tree Warden recommended that roots of both trees be retained until the bank has stabilised with regrowth. Tree warden recommended that HPC accept the decision of the National Park Authority in both cases. It was proposed by Cllr Lucas and seconded by Cllr Templeton and therefore **RESOLVED:** that the Tree Warden's comments be submitted on behalf of HPC but that HPC accept the decisions of the National Park Authority. All agreed.

9. To consider and determine next steps in relation to the National Grid Visual Impact Project including:

- **Receiving a report of National Grid meeting with Verderers and Commoners 22 Jan 2019**

- 9.1 A resident of Woodfalls and regular walker on the Purlieu had written to the council to express their support for the VIP project and urged the Council to consider the long term benefits for future generations as well as the short term disruption.
- 9.2 A parishioner member of PHPM had written to the Council expressing disappointment at the lack of debate in the January Parish Council meeting about the statement made at that meeting by the PHPM about the legality or otherwise of the National Grid proposals.
- 9.3 In response to the Parishioner question about assessment of the documentation supporting any planning application submitted; Cllrs confirmed that HPC would utilise the resources of NFDC to assess the application, as was normal planning practice.
- 9.4 Cllr Hartas reported that she had attended a National Grid meeting with commoners on 22nd Jan. The whole route will be fenced for the duration of the project. Previous commoner feedback had identified five crossing points although the latest plans produced by National Grid continue to show only four crossings and one of those (by Mays Firs) is vehicle and people crossing only. Clerk to write to National Grid to seek formal clarification about numbers and locations of crossings.
- 9.5 Cllr Hartas and Lucas noted that draft minutes of the December Stakeholder Reference Meeting were in circulation for approval. Clerk to continue to chase for final minutes of this meeting and December Stakeholder Advisory Group meeting.

- 9.6 Cllr Lucas advised that National Grid had offered HPC and one representative from PHPM to attend a site meeting with Alaska (proposed restoration specialists). Date and time to be finalised.
- 9.7 National Grid response to HPC request to consider tunnelling had been received. Clerk to post on HPC website. Clerk to write on behalf of HPC to formally request costing comparison of tunnelling and burial methods in addition to request for sight of Stakeholder Advisory Group minutes referred to in National Grid letter.
- 9.8 The Council discussed the apparent anomaly in minutes of the Verderers meeting 19th December (which suggested that the tunnelling method had been fully discounted). Cllr Hartas to invite Verderers to have regular update meetings with HPC as project progresses. Sue Blanchard, National Trust representative also to be invited.
- 9.9 There was a general discussion about whether HPC could and should adopt any formal position ahead of any formal planning application. Clerk advised that HPC was free to adopt a formal position at any time – either to support or oppose the project - but if it did so, then any response made to a formal planning application could be legally overturned as predetermined. No motion to consider a formal position was moved.
- 10. To consider and determine next steps for Affordable Housing project including**
- **Receiving a report from HPC meeting with NFDC (Tim Davies) on affordable housing 16 Jan 2019**

- 10.2. Cllrs Lucas and Gemmell reported that HPC, together with representatives from other local Parish Councils met with NFDC to opening a regular dialogue on affordable housing and understand how NFDC could help at all stages - from design and planning to ongoing management partnership options. Key technical points would be circulated and posted on the HPC website once agreed with NFDC.
- 10.3. Ian Winson, Chairman of the Housing Consultative Group, reported that the group met on 29th January. 16 members attended including 2 new members. Draft minutes had been sent to HPC, to be finalised at the next meeting on 4th March. Areas discussed included
- a. Acceptable and reasonable declarations of interest for group committee members
 - b. Potential site questionnaire; identifying those questions which were best addressed by HPC as part of any formal planning process
 - c. The lack of ongoing communication from Hale CLT – currently low member support for Hale CLT
 - d. Suitability of Hale CLT in its current form to manage any affordable housing in Hale and potential alternative structures – conclusions on alternatives still outstanding.
- 10.4. There was a general discussion on the above items. Non-CLT Councillors to meet with Housing Consulting Group committee members to clarify aims for discussion at the March Council meeting. Cllr Lucas/ Clerk to coordinate.
- 11. To receive an update and determine next steps on the cemetery improvements**
- 11.1. Susan Witt reported to the council that the tree had been planted in the central bed. There had been a poor response from volunteers to assist with planting of the snowdrops. New edging around the central bed was needed and gravel levels replenished on the path.
- 11.2. Clerk advised that £434.79 remained to be spent from funds specifically donated for cemetery planting and improvement. Lengthsman had raked dead weeds from path and cleaned gates as part of January work.
- 11.3. Cllr Mangan to source quotations for appropriate edging and gravel top up for consideration at March HPC meeting. This could be laid using a volunteer/ working party day as happened for the Village Hall Car Park.

- 13.1. Clerk presented revised draft of Vexatious Complainant policy and explained that all feedback received had been incorporated. There was a general discussion about whether the policy was necessary. It was proposed by Cllr Mangan and seconded by Cllr Hartas and therefore **RESOLVED**: that the Vexatious Complainant policy be formally adopted in current form. All agreed.
- 13.2. Clerk explained background of Parishioner concern around operation of HPC Standing Order 13(d) and presented proposed revision for Council consideration. It was felt that the Standing Order was clear enough in current form and that the proposed amendment was unnecessary.
